

Feeling Little In a Big World 2

This is an adult age play story about the love between an age play couple. The story of Boo continues with another evening trip out-n-about to a college campus where the festivities of Greek week are in full swing. Boo truly discovers what its like to feel little in a Big World as she waddles along, regressing inside and dealing with a bit of humiliation she suffered a few weeks ago. By the end of the night, she has come to terms with why little is so good for her and she runs into someone whom she has been waiting to give a message to, straight from the center of her little heart. If kindness is king, than Boo must be its Queen. This is adult material and therefore is not intended for minors.
