At twenty-three years old she is left a widow and without her beloved mother. The business she ran with her husband is failing and owes the English bank money. Other than the elder sister she had never got on with she has no one else to turn to. John Fisher is a hotshot big city lawyer who is about to embark on his first big courtroom trial. However, thanks to an error on the part of his firm he finds himself heading to Holmes County to try to clear up the mess caused by David Millers will. It is a task he was selected for the partners. Why was he chosen for this job when a paralegal would have done? Emma is confused by the handsome lawyers unexpected visit and what he seems to be telling her. As they search for some missing documents Emma seems to be drawn closer to John. Matters take another twist when the cold-hearted Eli King visits Emma to give some more upsetting news. John is trying to battle his own thoughts and the stresses of being a big city lawyer. He is getting attention from many places, not least from Emmas beautiful sister Ruth. ***** Hannah Schrock is the author of the Number One Amish Romance Amish Heartache All Hannah Schrocks books are sweet, clean Amish romances - this is a single book, not part of a series.
