

Amy's Show

Here is a stand-alone piece of Erotica, written in the delicious and sensual style of Emilia Foxton. Amy couldn't stop checking her iPhone anxiously every five minutes. She was running out of time to get things done and she was starting to fret. It was imperative that everything was perfect tonight. It wasn't every day that her sexy, hardworking boyfriend Josh turned thirty. She had spent the entire day cleaning the apartment, in-between waxing her legs and waiting for her tan to dry. She'd also found time to make lasagne and buy a six pack of Josh's favorite beer. The dinner table had been moved to right in front of the TV where she had hooked up the hard drive full of all of Josh's favorite shows. It had taken a long time too! Amy hated dealing with technology; she preferred to leave it all up to Josh. While being a domestic goddess she had somehow managed to apply makeup, style her hair and wriggle into her expensive French lingerie; the black and purple number he had bought her last Christmas. Over the top she was wearing a blue dress that showed off her teeny tiny waist and generous curves. Her legs were as smooth and soft as they had ever been and she'd even managed to get them to have that subtly shiny look the women always had in razor advertisements.

Tonight was all about Josh and whatever Josh wanted, but she had a little surprise in mind too. This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
