

Nineteen, footloose, and desperate to escape the numbing boredom of hometown life, Goldsmith joins the Army infantry. In Iraq, he survives roadside bombs, rocket attacks, and stray bullets, only to watch his naive notions of heroism get swallowed up in a gangster lifestyle of violence, intimidation, and grinding tedium. The enemy, so sharply defined during training and Ranger School, has become hazy and gray—a shape-shifter who often wears a U.S. uniform. In the end, Goldsmith and his pals find themselves waging their own insurgency against the pogs, the cooks, and the sinister workings of Command. They have joined the ranks of the Mediocre Infantrymen.
