

Boeing 777: Jetliner for a New Century (Airliner Color History)

Boeing's advanced 777 is taking passengers through the millennium in style and with all the benefits of the latest design and technology. Here Philip Birtles details the 777's early design, manufacture, production and service record, offering an inside look at how the 777 works and how Boeing engineers made it happen. Contains line drawings and full technical specs.
