

Drugs and Driving (Drug Abuse Prevention Library)

These nine titles discuss both individual drugs and drugs in society to present teens with solid information so that they can make smart choices. The statistics are shocking. One person dies every half hour and one is injured every minute in impaired driving accidents. Several thousand teens die every year in these accidents. In this important book, Grosshandler offers lifesaving advice to teens who are struggling with both the strain of peer pressure and the dangers of living with friends and family who drive under the influence. Most important, she explains what happens to your body while drinking or taking drugs to make it impossible to drive safely while under the influence.

Use of these drugs may cause: blackouts, poisoning, overdose and death physical and The substance abuse of family members and friends may also be of concern to individuals.
