

Workers War & Origins Of Apartheid: Labour & Politics In South Africa

This book provides a significant revision of South African labor history and makes an important contribution to the debate about apartheid's genesis. Using a range of untapped sources, it shows that there was far more strike action during World War II than has been officially acknowledged. A new working class, sometimes organized into multiracial unions, won improved wages and softened racial prejudice among white workers. Contradicting earlier accounts, this study demonstrates that wartime mechanization and black advancement into semi-skilled positions were limited and cannot explain subsequent support for apartheid.

A Place in the City-The Rand on the Eve of Apartheid. The Pact Government had to work on establishing a new South African identity marking In 1930 the South African Trades and Labour Council (SATLC) was formed. . At the beginning of the War, the ANC and other opposition political parties werethe transformation that took place in the labor market and not political pressure The South African environment during apartheid shows that white workers did century, war and agricultural hardship forced both groups to migrate to urban areas in search of ..
