

C/C++ Software Development with Eclipse

C/C++ Software Development with Eclipse is an easy to understand yet thorough guide on using Eclipse for C/C++ Software Development. This book is not about a traditional introduction to Eclipse. This book gives a practical introduction to Eclipse. It introduces the features of Eclipse in the logical order in which any C/C++ programmer would need them; use them. The book appeals to a wide range of audience:

- It can help a student/freshman who has just started programming
- It can help a full time programmer to be more productive with Eclipse
- It can help a seasoned programmer maintaining a huge software stack
