

This book was born out of a desire to comprehensively answer the questions that James and Mark are asked by coaching clients, readers of their books, and people they interact with on a daily basis. They both noticed that certain questions are repeatedly asked of them, albeit in slightly different ways. It became apparent to both of them that many other people must be asking these same questions. They knew that this presented an opportunity to help on a wider scale. Writing an eBook to address these enquiries was an obvious solution, so they agreed to team up to complete this project. Sure, either of them could have written this book and done a good job of it, but they wanted to do something different and to try to offer more value to the reader. So instead of writing answers to these FAQs together and presenting a united front, they decided to answer the questions individually so that you get two distinct points of view. Neither of them read the other's answers before writing his own in order to avoid being influenced by what the other was writing. The authors ask that you read each answer and see what resonates with you. Mark and James come at things from slightly different angles at times, and at other times they are fairly identical in what they write. However, even when they look at things differently, they both also agree with what the other is saying. No one is wrong here. There are many paths in the law of attraction, and it is the goal of this book to provide you with options.
