

Frats Gay Anal Initiation (first time gay, anal sex, m/m erotica) (Frats Gay Sex Toy Book 2)

Ahh, college, when young people try and fit in and meet others like them while figuring out what they want to do with the rest of their lives. For many young men, that means joining a fraternity, a chance at a level of brotherhood they've yet to experience. The barrier? 3 months of hazing and submission to the every whim of the very fraternity brothers they wish to join. When we left off, the pledges had just witnessed one of their own lose a size contest with one of the brothers. His penalty? Get on his knees and perform orally for all the brothers to watch. A few days later, there are fewer pledges left - those who lacked the courage to endure have washed out. The ones who are left are more determined than ever to join the brotherhood. Will they be able to handle what Brother Mike and the rest of the fraternity will throw at them? And what if they like it? Part 2 of Frats Gay Sex Toy EXCERPT: Now I want the front line to turn around and face the back line. Men, the front line is the worst times and the back line are the winners. In the fraternity you will always strive to be a winner, you will learn here that winners are the driving force of the whole world and that losers end up on the shitty end of the stick. In this case the losers are just gonna get the stick. You're sticks. I want the losers to now get down on their knees in front of the winner. Do it now or get the fuck out! Mark said as the pledges looked around at each other. The losers of the time trial slowly got down onto their knees in front of the winners. Ok, guys, here is how this works, you will have to suck the cocks of the winners for one minute for every second behind the slowest time they had. Sam, you have to suck on Tony for three minutes, get to it. Sam looked up at the big dicked Italian stud and leaned forward. He took the other pledges cock into his mouth and started to suck on it; Tony looked down and he was almost as disgusted at the thought that he

was getting blown by a guy as the guy who had his cock in his mouth was at performing the act. Sam moved the other pledges meat in and out of his mouth working on it while trying to ignore what it was that he was actually doing, he just wanted the three minutes to be over with, and he hoped that he would be able to wash his mouth out with some very strong mouth wash. When his time was up, he pulled his mouth off of Sams still limp organ and moved away from it as far as possible. Next up we have Tyler and Kyle who tied, you two need to get to work on the cock of the men in front of you, and you have four minutes to do your best. Your performance will be judged not only by the brothers watching but by the men who you are sucking on. Get at it now! Mark said as he reset the stopwatch. Tyler leaned forward and took Gregs cock in his mouth and started to suck on it. He felt like he was going to throw up, but he worked through it. Gregs cock started to harden in the other pledges mouth. He was not happy about it but it had been a long time since he had gotten laid and his body was reacting to the fact that someone was sucking his cock, it didnt care whose mouth it was as long as he got to nut. Man, fuck this, Im fucking out of here you fucking Queers! Kyle said as he stood up and grabbed his clothes. He stormed out of the room, with a look on his face of disgust and anger. In that case Im afraid that we cant let things be unfair, so now Parker you are on the losers team and the cock that you will be sucking is right over there in the underwear of our leader, President Brother Fred. Get to it, you have to suck his johnnie for four minutes. Parker looked at the men around him and his stomach turned. He moved over to where Brother Fred was standing; he had already dropped his pants and the front of his white full cut boxers were tenting out with his hard cock.
