Welcome to 2012. No, the world is not going to tip on its side so we all fall off. (sorry, conspiracy theorists). However, there is some important economic news that's actually old news: For tens of millions of people in the U.S. and abroad, their economic world had indeed collapsed. In short, for these tens of millions, they can no longer borrow money from conventional sources. And no matter what their government does to prop up the economy, it doesn't trickle down, sideways or up. Author Howard Bronson believes that it is every individual's birthright to practice Free Enterprise. His new book, of the same name, unlocks the vaults of the new Alternative Economy. This is an economy where you can promote, develop or enhance your existing business without spending money that you do not have. And if you want to start a new business or, develop any idea, invention, foundation, society - anything, this comprehensive book will help you to find your way. Imagine: \*Free Retail Space for your business\* \*Free Resources to develop your concept\* \*Free Publicity\* \*Free Radio and Television ads and often Free distribution\* \*Free Legal Advice\* \*Free Website development...plus hundreds of additional resources that are either free or ridiculously cheap like national publicity via Twitter, Facebook and others for under Ten dollars. And the best (saved for last, of course), the tricks..ahh, the tricks..all the little tricks you can do right now to boost your business, test your idea for FREE, or even save your business. Bronson is a master at getting customers. There's even a follow up section for customized personal support. Why are you sitting there blaming the economy! We all know it's the economy, stupid! Now, with this book, you can get your business or idea moving in a profitable direction. Free Enterprise, it's your right! Check out this quick two minute video with Howard; it could change
