

# Cursed Blessing (Trilogy of the Chosen Book 1)

Brent Venturi, leader of Delta Forces Phantom Squad has moved back to Palm Cove where he was raised by his grandfather. There, he is content to live a peaceful existence as the towns head librarian. Although he loves the peace and tranquility that have become his life, he is haunted by nightmares. Nightmares that always pertain to some skill that he had learned as a covert operative and they always contain an image of his lost love; Chloe. Brent's life turns upside down when he receives a gift from Lucile Conklin. Her late husband has bequeathed a rare book collection to him upon his death. Among the books Brent finds a letter written by his grandfather twenty years earlier. What he doesn't know is that he has also been passed a secret, now known as The Endowment. This secret is so old that it dates back to the dawn of creation. A secret which began as a gift from God, but because of man's wickedness and immorality has become so evil that if it were to fall into the wrong hands, Armageddon would occur. A secret that is a Cursed Blessing. This is a new release of a previously published edition.
