

Goebbels: A Biography

As a young man, Joseph Goebbels was a budding narcissist with a constant need of approval. Through political involvement, he found personal affirmation within the German National Socialist Party. In this comprehensive volume, Peter Longerich documents Goebbels descent into anti-Semitism and ideology and ascent through the ranks of the Nazi party, where he became an integral member Hitlers inner circle and where he shaped a brutal campaign of Nazi propaganda. In life and in his grisly family suicide, Goebbels was one of Hitlers most loyal acolytes. Though powerful in the party and in wartime Germany, Longerichs Goebbels is a man dogged by insecurities and consumed by his fierce adherence to the Nazi cause. Longerich engages and challenges the careful self-portrait that Goebbels left behind in his diaries, and, as he delves deep into the mind of Hitlers master propagandist, Longerich discovers firsthand how the Nazi message was conceived. This complete portrait of the man behind the message is sure to become a standard for historians and students of the holocaust for years to come.
