OS X Mavericks
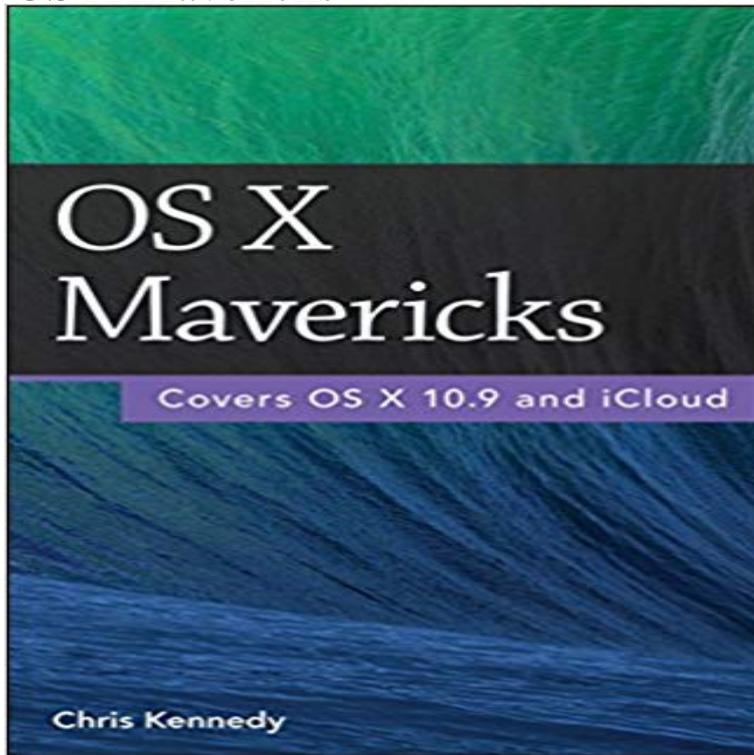

OS X Mavericks

Covers OS X 10.9 and iCloud

Chris Kennedy

(The updated edition of this book for OS X El Capitan is also available.) Perfect for new and longtime Mac users, this no-fluff guide to OS X Mavericks is packed with details on system preferences, the desktop, built-in applications, and utilities. Youll also find step-by-step instructions for printing, scanning, networking, sharing, troubleshooting, and going online. A Windows glossary makes switching to Mac (mostly) painless, and keyboard mavens will find a complete list of keyboard shortcuts. New features covered include Finder tabs, tags, multiple displays, iBooks, Maps, iCloud Keychain, Notification Center improvements, and updates to Calendar, Contacts, Notes, and Preferences. - See live previews of documents, pictures, and folders. - Use Mission Control to juggle all your open windows, desktops, and displays. - Dock programs, documents, and folders for one-click access. - Tag your files to make them easy to sort and find. - Use Finder tabs to declutter your desktop. - See all your notifications in one place. - Spread your work over multiple displays. - Use iCloud to store and access the latest versions of your files and settings online. - Sync your documents, mail, contacts, appointments, reminders, notes, and messages wirelessly across your Macs and iOS devices. - Get instant search results for documents, pictures, music, mail, programs, and more. - Dictate anywhere that you can type. - Play games on Game Center, Apples online multiplayer social gaming network. - Post to Facebook and Twitter right from the app youre using. - Mirror your Macs screen to your HDTV wirelessly via AirPlay, or use your HDTV as a full-fledged display, complete with dock and menu bar. - Share files and printers on your home network. - Connect to wireless networks with a couple of clicks. - Set up and manage printers, scanners, and other devices. - Download

and install OS X, apps, and updates from the Mac App Store. - Secure your data from thieves and snoops. - Plenty of tips, tricks, and timesavers. - Fully cross-referenced, linked, and searchable. Contents 1. OS X Basics 2. The Desktop 3. System Preferences 4. Files, Folders & Drives 5. Programs & Documents 6. Printing, Faxing & Fonts 7. Networks & Sharing 8. Online Connections 9. Security & Privacy 10. Maintenance & Backups 11. Switching from Windows 12. Keyboard Shortcuts About the Author Chris Kennedy is a technical writer based in Boulder, Colorado. When hes not typing, Chris climbs rocks, revises his screenplays, and reads the journals of polar explorers.
