

The Librarian and the Cowboys (Stories of Bondage and Submission)

How does a shy British librarian come to be wandering naked on the prairie in Wyoming? It certainly was bad fortune that her horse had been spooked by a snake after her skinny dip -- and run off with her clothes and cell phone. But worse was to come for Miranda, as a rugged cowboy then ropes her and drags her home -- for trespassing! Its an intolerable situation! And yet, as the mortified young librarian becomes used to being naked around the handsome, rough-hewn man she begins to feel a terrible sense of arousal at her exposure, helpless to his desires. His stern discipline for her impudence soon gives way to a skilled manipulation of her body which has the inexperienced girl wide-eyed and writhing in pleasure. And then he introduces his handsome young son, and gives her to him to take home!
