Since the 1930s, the Nation of Islam has been one of the foremost all-black organizations in the United States. Yet for most people outside the movement, it has been known only through media portrayals of the controversial leaders such as Malcolm X and Louis Farrakhan. As a young girl, Sonyrea Tate was one of tens of thousands of Little Xs, the children raised within the Nation of Islam as future foot soldiers of black unity. In *Little X*, Tate, an award winning journalist, shows us the Nation of Islam from the inside: *Little X* is the compelling account of one woman's cultural identity, family unity and spiritual fulfillment in a predominantly white and Christian America.
