

Monsters & Maidens: The Harpy Ascendant

Seductive, intelligent, fierce, the harpy Kris is many things to be desired and feared. Born from an ancient bloodline, she has the power to do great, and terrible, things. Unwillingly she is thrown into a conflict between a nation of ogres and humans, playing both sides for the betterment of her people in a long game of cat and mouse. But the conflict is far from black and white, and the harpy must choose ultimately who amongst the people she is using will win, and her place with them thereafter.
