

STALKER 4: An Erotic Thriller Mystery and Suspense Romance

All of the stalker tensions and fears increase. Cassidy Banks and Grant Mann are getting more personal in their naked attempts to deal with each other and everything else. They are pushing and pulling each other even as they are pushed further into the stalkers unseen traps. Their fighting and verbal games are going to new lengths even as they go deeper into each other at the same time. Grant is looking for clues to follow to help her. Cassie is looking to protect herself. She also knows that her private bodyguard looks at her the closest when she is naked. What they show each other is each of their surprises. What the stalker shows them next is what explodes over both of them.
