Keeping Tristan Bundle Vol. 1 & Vol. 2
Now you can enjoy Tristans journey into diaperhood in one convenient bundle! Follow Tristan as he slowly regresses from a leading graduate researcher into Professor Hunters special little student!

1. Luring Tristan Tristan has worked hard to become the best at everything he does. He is a self-admitted perfectionist who craves the praise of all his professors. So when Professor Hunter, his lab advisor, only seems to have eyes for Max, the other student lab tech, Tristan becomes desperate. Seeing the desperation and hurt in Tristan, Max offers to help gain Professor Hunters good favors. Tristan is thrilled at this door of opportunity. But when later that night he walks through that door, he realizes that he mightve overestimated how much he wanted Professor Hunters attentions. Diapers, bottles, and Professor Hunter. Does Tristan really want the recognition of a man like that?

2. Teasing Tristan Now that Tristan has joined the family of Professor Hunter and Max, he is slowly learning to adjust to the rules and expectations of a domineering diaper relationship. And through every harsh spanking or teasing touch, Tristan falls more and more in love with both his new strong dominant, Professor Hunter, and his diaper co-bottom, Max. But as his limits are tested and stretched, will Tristan still want to remain in such consuming relationship? Will he instead want to retain his autonomy and independence or will he throw it all away to have his bottom diapered by a strong hand?
