

Kendalls Discipline

Kendall had finally outraged her prudish father enough to be banished to a European preparatory academy -- for girls. She had no interest in it, nor in education at all. Biding time until her trust fund kicked in, guaranteeing a life of ease, she amused herself by breaking rules. But when she was caught the punishment went far beyond her wildest imagination. For beneath the building was the remains of a castle, and in the dark, crumbling ruins, the lithe, beautiful young blonde is given darkly thrilling lessons in discipline, in obedience, in being less prideful, and in the uses to which her lithe young body can be put, by both men and women.
