

Seekers Quest (Seekers Trilogy Book 2)

Seekers Call: Book One of the Seekers Trilogy introduced Iviana to the Greater Archipelagos, a fanciful planet of lush, tropic islands located in another universe where, contrary to her home-world, dragons live and roam freely. It is also where the beloved friends she abandoned await her indefinite homecoming. In Seekers Quest, the day Iviana returns with Tragor, the Great Dragon of the Ages, she is given a mission inspired by the final words of Rhimesh, former Realm Leader of the Greater Archipelagos and the woman Flynn is expected to replace as leader of their world. She must use her Seekers fire to find the parchment of the lighted words; there lies the secret of the Great Ones plea and the key to the future of our world. In the midst of her search, she discovers a secret society that claims she is the Chosen One, heroine of one of the oldest prophecies in the realm. But even with such a fate before her, she is visited by the mysterious dove and led into yet another universe where she witnesses a heartrending occurrence that has her questioning everything she formerly believed, including whether her quest for the parchment is worth the price. But if she does not find the parchment, what will become of the Greater Archipelagos?
