

Our Education System: The Solutions: Solution #1: Education Badges Instead of Grades and GPA

For over a century the U.S. has relied on a grading system that consists of credits or units, Grade Point Averages, and an A-F grading scale. But what if this approach does more harm than good? Furthermore, what if it tells us almost nothing about any students ability or potential? This booklet offers a comprehensive guide to revamping how we assess learning. By awarding badges for subject mastery, we can identify specifically what students know, what their individual strengths and weaknesses are at any time, and provide a more democratic education.
