

Sold Out: How High-Tech Billionaires & Bipartisan Beltway Crapweasels Are Screwing Americas Best & Brightest Workers

The #1 New York Times bestselling author and firebrand syndicated columnist Michelle Malkin sets her sights on the corrupt businessmen, politicians, and lobbyists flooding our borders and selling out Americas best and brightest workers. In Sold Out, Michelle Malkin and John Miano name names and expose the lies of those who pretend to champion the middle class, while aiding and abetting massive layoffs of highly skilled American workers in favor of cheap foreign labor. Malkin and Miano will explode some of the most commonly told myths spread in the media like these: Lie #1: America is suffering from an apocalyptic shortage of science, technology, engineering, and math workers. Lie #2: US companies cannot function without an unlimited injection of the highly skilled and highly educated foreign workers, who offer capital and energy that American workers cant match. Lie #3: Americas best and brightest talents are protected because employers are required to demonstrate that theyve made every effort to hire American citizens before resorting to foreign labor. For too long, open-borders tech billionaires and their political enablers have escaped tough public scrutiny of their means and motives. Its time to trade the whitewash for solvent. American workers deserve better and the public deserves the unvarnished truth.
