

## Ashleys Big Surprise: Taboo Erotica

Though my TABOO stories are about pushing the limits and breaking all the rules, it seems there are just some guidelines that we all have to follow. Of course, when Amazon banned my original titles for being too hot and controversial, I wondered if I could simply seduce my way out of trouble \*like most of my characters do! But alas, I have been forced to submit to their authority (some of my characters like that too!) and provide only very vague titles and descriptions for you, the reader. Believe me, Ashley's Big Surprise was not my first choice for this book. But don't worry! This erotic story still features all the good stuff inside naughty, kinky, forbidden relationships that explore the taboo of sexy characters who live and play together. Some readers may find this material offensive, so consider yourself warned... When eighteen year old Ashley slips into the master bedroom at the end of the hall, she intends to sleep off the big buzz from her best friends party but rest is the last thing she'll find when she lays down on the bed. Soon, Donna's dad is slipping under the sheets beside her and sliding his hand between her soft, slender thighs. Now, he wants something she's been saving for someone special and this tight little virgin may be in for a really big surprise. J.C.
