

Applicable to equipment or parts of equipment not exceeding 1 000 V a.c. or 1 500 V d.c. between lines, and with nominal frequencies not exceeding 200 Hz. Additional and special requirements can apply to the electrical equipment of hoisting machines that are used in potentially explosive and/or flammable atmospheres. Does not cover individual items of electrical equipment other than their selection for use and their erection.

Edwin Stanton (Ffcw) (Famous Figures of the Civil War Era), A Whole Different Ball Game: The Sport and Business of Baseball, Dipped in the Fire, Seismic and Dynamic Analysis and Design Considerations for High Level Nuclear Waste Repositories, Microsoft Specialist Guide to Microsoft Windows 10 (Exam 70-697, Configuring Windows Devices),
