

The Perfume Zodiac

As a companion volume to the Book of Perfumes, Perfume Zodiac anchors the authors knowledge of perfumes in the realm of the stars. Most women read their stars - this shows how you can harness that knowledge to the choice of perfume you wear. Many women only ever wear one perfume - but they could experiment more. John Oakes here empowers women to make the choice of perfume based on her astrological sign - and if there is a male partner in mind, based on his sign too. Oakes gives exact profiles of all the astrological signs together with a detailed analysis of each of the perfumes he judges fit the character of the sign. Thus if you are born under the sign of Cancer - then you should be wearing Amarige or Romeo Gigli, because your austere style needs softening with the warmth and persuasiveness of these particular scents - but Oakes goes into a lot more detail, and justifies his selections in many ways.
