

The Life and Amours of the Beautiful, Gay and Dashing Kate Percival is a classic American erotic novel, published in 1903. It contains graphic sexual descriptions and themes. I am about to do a bold thing. I am about to give to the world the particulars of a life fraught with incident and adventure. I am about to lift the veil from the most voluptuous scenes. I shall disguise nothing, conceal nothing, but shall relate everything that has happened to me just as it occurred. I am what is called a woman of pleasure, and have drained its cup to the very dregs. I have the most extraordinary scenes to depict, but although I shall place everything before the reader in the most explicit language, I shall be careful not to wound his or her sense of decency by the use of coarse words, feeling satisfied there is more charm in a story decently told than in the bold unblushing use of term which ought never to sully a woman's lips.
