

The New Revelation

The (dis)connection between psychological (or scientific) and psychic mind is a subject that has baffled man for centuries. The phenomenon captured in a very particular way the attention of Sir Arthur Conan Doyle, a man in whom the analytic and artistic struggled for dominance, and inspired *The New Revelation*, originally published in 1918. The treatise deals not only with the issue of physical versus metaphysical, but also considers the problem of death (and afterlife) and the question of communication with the spirit world. Conan Doyle's captivating prose and pragmatic, yet human, voice makes for an enlightening exploration of some eternally relevant questions-and possible answers. Scottish surgeon and political activist SIR ARTHUR CONAN DOYLE (1859-1930) turned his passions into stories and novels, producing fiction and nonfiction works sometimes controversial (*The Great Boer War*, 1900), sometimes fanciful (*The Coming of the Fairies*, 1922), and sometimes legendary (*The Adventures of Sherlock Holmes*, 1892).

The *New Revelation* is a non-fiction account of Sherlock-Holmes-creator Sir Arthur Conan Doyle's philosophical look at religion.
