

Why We Want You to Be Rich: Two Men, One Message

Donald Trump and Robert Kiyosaki are both concerned. Their concern is that the rich are getting richer, but America is getting poorer. The entitlement mentality is epidemic, creating people who expect their country, employer, or family to take care of them. And like the polar ice caps, the middle class is disappearing. America is becoming a two-class society, and soon you will be either rich or poor. Trump and Kiyosaki want you to be rich. Both are successful businessmen and natural teachers who share a passion for education. They have joined forces to address these challenges, because they believe you cannot solve money problems with money - you can only solve money problems with financial education. Trump and Kiyosaki want to teach you to be rich. Why We Want You to Be Rich was written for you.
